## EDUCATION

| | |
|---|---|
| **Bachelor Of Technology(B.TECH)** , State Gov. College | 2020 - 2024 |
| BEU(Patna) | |
| **12th** , **CBSE**, J.D PUBLIC SCHOOL | 2017 - 2019 |
| P.C.M | |
| **10th** ,**CBSE**, HOLY KIDS INTNL SCHOOL | 2005 - 2017 |

## SKILLS

| | |
|---|---|
| **Technical Skills** | Data Structures and Algorithms, HTML, CSS, JavaScript, React Js, Express JS NodeJS, MongoDB . |
| **Languages** | C, C++, Python . |
| **Soft Skills** | OS, DBMS, OOPS and Computer Network. |
| **Tools** | Postman, Git and GitHub. |

## PROJECTS

**CHAT GPT AI.** Build a Chat GPT AI clone for multi-functional text and image generation. Developed features to generate text summaries, paragraphs, sci-fi images, and JavaScript code from English instructions.Enhanced application security with API key-based authentication.Leveraged Node.js and Express for backend, MongoDB for data storage, and React.js for dynamic UI. Integrated Bootstrap for responsive and visually appealing design.!
🔗(Try it here)

**Go Food.** Built a Food Delivery App using the role of mern stack development. Integrated Bootstrap for responsive and user-friendly design. Utilized MongoDB to store user interactions and manage session data efficiently. Leveraged useReducer and Context API for state management across the application.Enhanced security by implementing Bcrypt hashing for secure user authentication and data protection.
🔗(Try it here)

**E-Commerce.** Build a E-Commerce App with Admin Panel and implemented RESTful APIs to facilitate seamless interactions between users and products. Streamlined order processing and inventory management, optimizing customer satisfaction. Implemented MongoDB as the database to store product details, user data, and order history securely and efficiently. Utilized React with Redux Toolkit to efficiently handle global state management and improve app performance.!
🔗(In Progress....)

## ACHIEVEMENTS/CERTIFICATIONS

| | |
|---|---|
| • Cloud Computing with AWS - Internshala. | July 2022 |
| • Intro to Cybersecurity - CISCO. | Nov2022 |
| • Intro to Network - CISCO. | June 2023 |
| • Aurdino Training - Spoken Tutorial Lab IIT Bombay. | Feb 2023 |
| • Developer Superset - Salesforce. | Jan 2024 |

## EXTRACURRICULAR

- Over +2 years of teaching experience, preparing students for Central University entrance exams through offline coaching.

- Founder and Director of TMC Classes, a self-established coaching institute.
